

# CLEANLINESS PLEDGE

Mahatma Gandhi taught us to live for the country. He freed 'Maa Bharati' by breaking the shackles of slavery.

Let us pledge to eradicate insanitation. It would be a great service to Mother India.

## I take the pledge that

- ✿ I would devote 100 hours every year for fulfilling the pledge of cleanliness.
- ✿ I would neither litter nor allow anyone to do so.
- ✿ I would begin cleanliness with myself, my family, my area and my workplace.
- ✿ We know that those countries are cleaner whose citizens do not litter. So we would aware people of the cleanliness drive from village and street to street.
- ✿ I would administer this pledge to 100 other persons, who would devote 100 hours every year for the cleanliness
- ✿ Gandhiji's dream was not only of an independent India, but also that of a neat and clean Nation. I would remain committed to it.
